## DEVELOPMENT APPLICATION 544/G018/13

### CONDITIONS OF APPROVAL

1. That except where minor amendments may be required by other relevant Acts, or by conditions imposed by this application, the development shall be established in strict accordance with the details and plans, including the amended plans as submitted in development application number 544/G018/13.

Name	Document details
Rex Minerals Hills Copper Project - Realignment Yorke Highway and St Vincent Highway (Road 4009/NCRN), and Yorke Highway (Road 4027) Near Pine Point - DEVELOPMENT APPLICATION - SECTION 49 - DEVELOPMENT REPORT & ATTACHMENTS	A4, assembled by Planning Chambers, dated 18/09/13

2. That the construction of the Pine Point Road/Yorke Highway carriageway be undertaken in accordance with the plan titled '*Explanation of route selection*' contained within the response letter titled '*Re: 544/Go17 & 544/544/G018//13: Attachment 1-Road 4027 Amended Alignment Feb 2014*' compiled by Jeff Smith, dated 05 February 2014
3. That the applicant shall obtain approval from the Native Vegetation Council for the Native Vegetation Management Plan prior to the commencement of roadworks.

### Council Conditions

4. That any alterations to the road naming and distance-based road number arising from the road realignment shall be undertaken at the cost of either Rex Minerals or the State Government and not by the Council.
5. That the Pine Point Road between the present alignment of the Yorke Highway and the alignment of the St Vincent Highway be officially changed to the Yorke Highway.

### Transport Services Division (DPTI) Conditions

6. A final survey shall be carried out to the satisfaction of DPTI after detailed design of the new road and junction is complete and prior to the plan of division being lodged with the Land Titles Office to ensure that the road corridor reflects the final carriageway alignment.
7. The Yorke Highway diversion and associated junction works shall be designed and constructed so that:
  - a. Current speed limits will be maintained post - construction;
  - b. Through movements of traffic will be maintained during construction;
  - c. Road Trains and B-doubles are accommodated;
  - d. All works, including road alignments and new/upgraded junctions, shall be consistent with the relevant Austroads guides and Australian Standards;
  - e. All works shall be completed prior to operation of the mine.
8. The connection of Redding Road to the Yorke Highway diversion shall be designed as a pair of staggered T-junctions. These junctions shall be provided with a basic (type BAR and BAL) junction treatment. This shall be designed and constructed in line with Austroads Guide to Road Design Part 4A - Signalised and Unsignalised Intersections.

9. The applicant shall formulate a Construction and Traffic Management Plan that shows, to the department's satisfaction, the timing and staging of works for the realignment of the Yorke Highway and St Vincent Highway and how the transition from the current road network to the new network will be managed.
10. The applicant shall enter into deed of agreement with DPTI for the required road works. All work, including but not limited to, detailed design, construction and project management shall be to the satisfaction of DPTI at the applicant's cost. All road works shall be completed prior to the commencement of on-site works, including mining operations. Prior to undertaking final detailed design, the applicant shall contact DPTI Northern and Western Region, Mr Bob Bemmerl (08) 8648 5234 or via email [Bob.Bemmerl@sa.gov.au](mailto:Bob.Bemmerl@sa.gov.au) to discuss the required works.

#### **REQUIREMENTS: DEVELOPMENT ACT 1993 & DEVELOPMENT REGULATIONS 2008**

- (i) The approved plan of division must be *deposited* with the Land Titles Office within 12 months and the final Certificate of Title(s) for all stages of the development must be issued (i.e. development completed) within three (3) years of the date of the Notification unless this period has been extended by the Minister for Planning.
- (i) You will require a fresh approval before commencing or continuing the development if you are unable to satisfy these requirements.

#### **ADVISORY NOTES**

- a. At completion of the project all certified documents should be retained by the responsible agency for the life of the asset.
- b. Prior to the time periods specified above, any request for an extension of time must be lodged with the Statutory Planning Branch, Department of Planning, Transport and Infrastructure, Level 5, 136 North Terrace, Adelaide or GPO Box 1815, Adelaide SA 5001.
- c. There will be differences in the length of Yorke Highway post – realignment. This will affect property addresses assigned under the Rural Property Addressing Project. The applicant should continue to liaise with DPTI and Council to seek a resolution for this issue.
- d. A current list of Registered Private Certifiers in South Australia is available here: <http://sa.gov.au/subject/Housing%2C+property+and+land/Building+and+development/Building+and+development+applications/Development+applications+with+a+building+component/List+of+registered+private+certifiers> (sa.gov.au website).
- e. At completion of the project all certified documents should be retained by the responsible agency for the life of the asset.
- f. For additional information relating to certification of government building projects, contact Shane Turner (Principal Engineer: Structural) Building Management, Department of Planning, Transport and Infrastructure (telephone 8226 5223) Level 2, 211 Victoria Square, Adelaide, 5000.
- g. Prior to the time periods specified above, any request for an extension of time must be lodged with the Statutory Planning Branch, Department of Planning, Transport and Infrastructure, Level 5, 136 North Terrace, Adelaide or GPO Box 1815, Adelaide SA 5001.
